ARCHITECTURAL LINING SYSTEMS

SUPALINE

Premium decorative wall and ceiling feature panel system

Graceful curve effects • 3D versions available • Easily conceal access points

8 reasons designers choose SUPALINE

SUPALINE is ideal for applications such as:

- Feature walls or ceiling
- High traffic areas such as lobbies, receptions areas, atriums and passageways
- High activity area such as multi-purpose halls and sports centres
- Decorative panels for pillars or beams
- Office partitions

Flexible
Concave, convex and S-curves are all possible.

Fast
A panel system for quick on-site installation.

Easy
Simple to specify with shop drawing service if required.

Attractive
Huge range of beautiful finishes.

Robust
Excellent durability and low maintenance.

Effects
Add grooved and routed effects for unique patterns.

Access
Ideal for concealing service access in ceilings and walls.

3D
Framing for 3D shapes also supported.

SUPAVENEER panels form a faceted wall in a uni lecture theatre.

SUPAVENEER Hoop Pine curved panels under the exterior eaves of a multipurpose school hall.

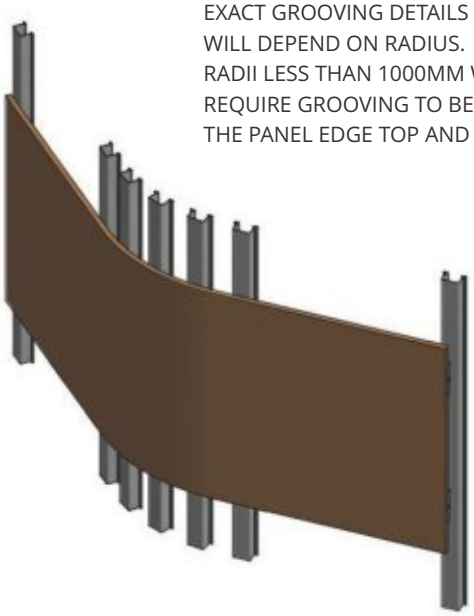
SUPACOLOUR panels form a durable and attractive entry to a city building with extra wide joints and matching backing strips.

SUPALINE grooved in 4 different spacings in durable SUPAFINISH Hoop Pine limed in a circulation area.

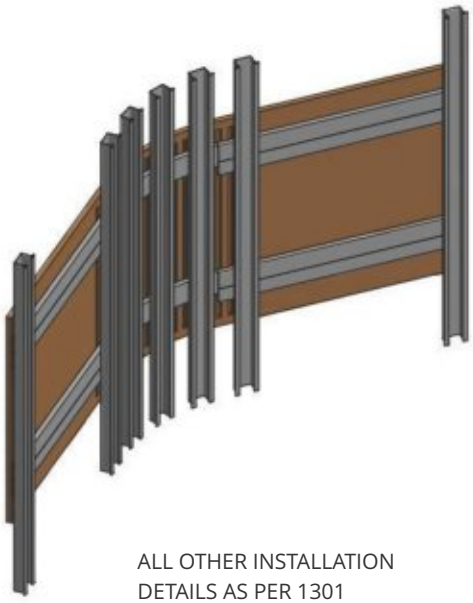
The easiest way to put curves in any interior panel design

When designers want graceful and sophisticated curved effects they turn to SUPALINE.

This unique, decorative panel system lets you quickly, easily and affordably create smooth concave and convex designs — or even S-curves— without ever worrying about unsightly bulges.



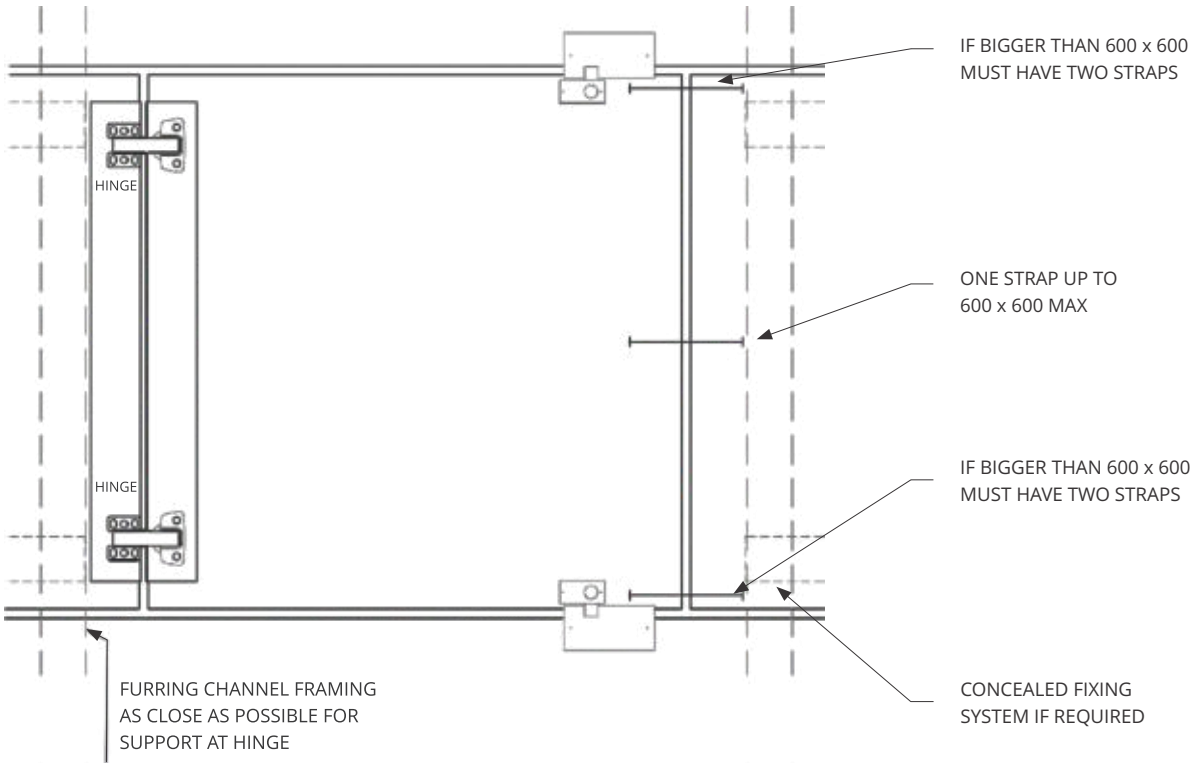
EXACT GROOVING DETAILS WILL DEPEND ON RADIUS. RADII LESS THAN 1000MM WILL REQUIRE GROOVING TO BE VISIBLE IN THE PANEL EDGE TOP AND BOTTOM.

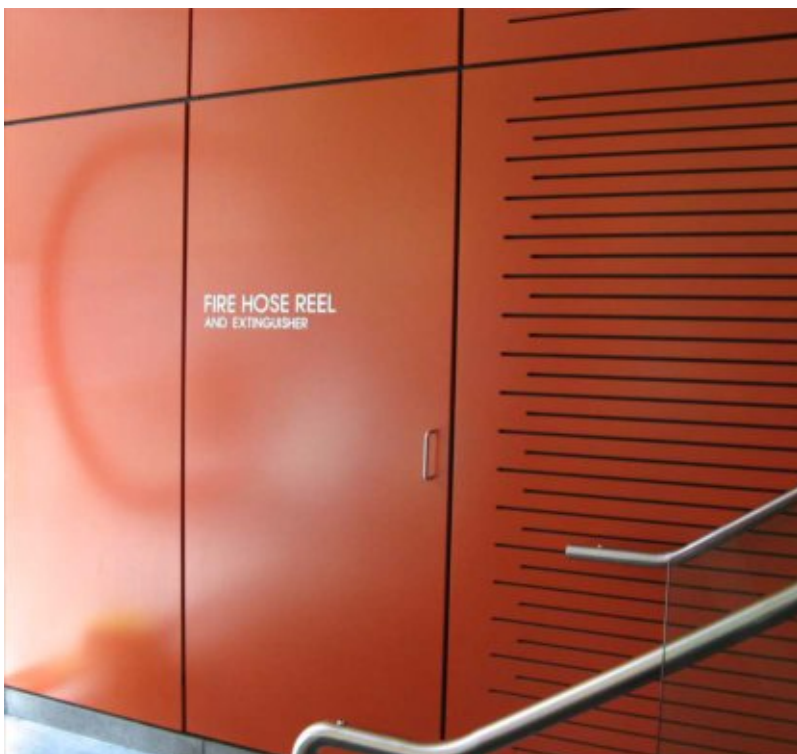


ALL OTHER INSTALLATION DETAILS AS PER 1301

Access panels

- Always include as part of the design process. Far more difficult to ‘retro fit’.
- Fully integrated access panels. Complete kit which includes concealed latch, hinges, escutcheon.





SUPAVENEER
natural timber finishes

There's nothing quite like natural timber veneers to create warmth, depth and aesthetic interest. But they also have a complex personality, capable of dramatic variations between batches.

SUPAWOOD can not only guide you through the potential pitfalls, our expertise can help identify correctly toned veneer options that are more economical than those veneer suppliers provide.

Highlights

- Native, imported or reconstituted natural timber veneers
- No on-site VOC's
- Zero VOC emissions
